Prepare to apply for the Woman Owned Small Business (WOSB) Program

These checklists identify the documents that applicants will be required to submit in the application process. The beta.Certify application process is easier when applicants gather these documents before starting the application. Within the checklists outlined below the required documents have been organized by the "cards" that will be filled out for the certification application.

Here you will find:

- ✓ Checklists to guide you through the process
- ✓ Information on the documents you will need as you begin

What's the Difference between WOSB and EDWOSB?

- **WOSB:** Women-Owned Small Business
- **EDWOSB:** Economically Disadvantaged Women-Owned Small Business; WOSBs whose owner and/or manager claims economic disadvantage
- **EDWOSB is a subset of WOSB. As such, if you qualify as an EDWOSB, you automatically qualify as a WOSB.**
- There are 733 [industry specific NAICS codes](#) for **WOSB (626)** and **EDWOSB (107)**.

WOSB Application Process

Common Reasons for RFI/Return

1. Missing the Filed Articles of Organization or Articles of Incorporation:

- Firms often incorrectly submit a Certificate of Filing. The document must be the official Certificate of Filing that includes the certification with the date of filing, in some instances a stamp (with date and time).
- If an owner is having difficulty locating this document, they can search for it by visiting the Secretary of State Business Entity Search for the state in which the firm has been registered.

2. **Governing documents have not been properly executed:**

- If your firm structure requires an Operating Agreement such as an LLC, please ensure that the document is signed and dated by all members at time of document submission.
- If your firm is a corporation, please submit the bylaws. If the bylaws have not been signed, SBA will need a copy of the minutes of the meeting during which the bylaws were adopted. Each of these documents must be signed by relevant parties and dated.

3. Incomplete Resume:

- Please do not submit a biography or capability statement.
- Please ensure your resume includes:
 - Name.
 - Work history (to include the applicant firm) in chronological order that includes start and end dates, including the present date where applicable.
 - Titles/positions and duties performed for each employment or ownership.
 - Education and/or licenses .
- **Note:** if you have current outside employment or ownership, please include a Letter of Explanation (LOE) that includes: the business hours of the applicant firm; the days of the week and hours of the day dedicated to the applicant firm; and the days of the week and hours of the day dedicated to outside employment or ownership.
- See [video](#) for more information.
